YOU SHOULD KNOW

- * Should we be forced to change itineraries or locations due to circumstances beyond our control (e.g. forest fires or river levels), the new plan will be left to our discretion.
- * Though it has never happened before, we reserve the right to cancel a trip up to fourteen (14) days prior to starting date (note that we do need 6+ bookings to run trips). If we must cancel, a full refund will be made. If this occurs, we will endeavor to meet your needs with another trip at the earliest possible date.
- * We do require a minimum of 6 participants for most of our trips. Please ensure that you have checked with us prior to booking your flights to ensure we have adequate numbers. We will not refund flight costs.
- * No matter where you travel in the world, it is possible that conditions beyond anyone's control may alter your itinerary. If we incur expenses for unexpected logistical arrangements not covered in the printed itinerary, the cost will be evenly divided among the participants. We rarely encounter such a situation, but the policy is an industry "norm" of which we wish to inform you.
- * We will not take an unnecessary risk by traveling any river if the water volume is identified as too high according to our judgment. In such situations, we sit tight until the volume drops or we can arrange an egress flight. The cost of such arrangements would be shared evenly amongst the participants.
- * If you require an evacuation for any reason, the expense incurred through the evacuation will be borne by you (the person evacuated). For this reason we recommend that you purchase Medical Evacuation Insurance.
- * We reserve the right to levy a surcharge for spikes in supplier cost. We set our prices 18 months out and lock in what resources we can. While we do our best to project cost increases, our business is heavily dependent on aviation and ground transportation and as such may be vulnerable to unforeseen spikes in costs. As a small business we have limited ability to absorb these rare events. If a surcharge becomes necessary you will be notified at the earliest possible time.

TRIP CANCELLATION/MEDICAL EVACUATION INSURANCE - HIGHLY RECOMMENDED

Preparations for our expeditions begin with a great deal of planning, months (in some cases, years) in advance. For this reason we must maintain the policy that no refunds are available within the 90 day period before each trip and we highly recommend Trip Cancellation Insurance. The policy covers such things as injury, illness or death to the insured and immediate family (verified by physician). The policy is refundable until 90 days prior to trip departure.

Medical Evacuation Insurance is encouraged because if you require an evacuation the expenses incurred will be billed to you (the person evacuated). Due to the remote wilderness locations of our expeditions, an evacuation could easily cost over \$20,000!

Both Trip Cancellation and Medical Evacuation Insurances may be purchased separately, or in a convenient discounted package, from Uniglobe Specialty Travel. Insurance is only available to purchase up to 90 days prior to your trip date. The price will vary according to your age, where you reside, and details of your trip. If you have any questions about the insurance, or if you would simply like a price quote, please contact our agents Karin, Daniela or Chantel at Uniglobe Specialty Travel (866) 932-2565 E-mail: getaway@uniglobespecialtytravel.com.
